Audit Charter

1. Introduction
The Office of Inspector General Services (OIGS) provides professional internal audit and investigative services at Florida State University.

1.1 Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve University operations. It helps the University accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

1.2 Investigations are performed to address alleged fraud, waste, abuse or other wrongdoing, which could result in the loss or misuse of University resources. Such wrongdoing may come to the attention of the Office during an audit or investigation or through reporting by University faculty, staff, students, or the general public.
